Setting an expiry date or a maximum age in the HTTP headers for static resources instructs the browser to load previously downloaded resources from local disk rather than over the network.

## 68 / 100 User Experience

### Should Fix:

## Configure the viewport

Your page specifies a fixed-width desktop viewport. Use a responsive viewport to allow your page to render properly on all devices.

[Configuring a viewport](#) specifying width=device-width instead of width=960 will allow your page to adapt for devices of various widths. This may require additional work to adapt your styling for smaller screens.

## Use legible font sizes

The following text on your page renders in a way that may be difficult for some of your visitors to read. [Use legible font sizes](#) to provide a better user experience.

The following text fragments have a small font size. Increase the font size to make them more legible.

- Alle Eventattr...bieten wir bei and 3 others render only 6 pixels tall (16 CSS pixels) final.

### Consider Fixing:

#### Size content to viewport

The page content is too wide for the viewport, forcing the user to scroll horizontally. [Size the page](#)

## Mobile

[content to the viewport](#) to provide a better user experience.

The page content is 962 CSS pixels wide, but the viewport is only 960 CSS pixels wide. The following elements fall outside the viewport:

- The element `<a href="besimple-der-v...al-kaufen.html" class="a"></a>` falls outside the viewport.

## Size tap targets appropriately

Some of the links/buttons on your webpage may be too small for a user to easily tap on a touchscreen. Consider [making these tap targets larger](#) to provide a better user experience.

The following tap targets are close to other nearby tap targets and may need additional spacing around them.

- The tap target `<a href="buttonmaschine...r-versand.html">Buttonmaschine mieten</a>` and 12 others are close to other tap targets final.
- The tap target `<a href="waffeleisen-mi...ausleihen.html">Waffeleisen mieten</a>` is close to 1 other tap targets final.
